BERLIN

PLAIN LIGHT - FILTERING

200 ■ 250 CM

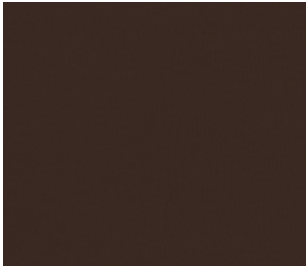

Create a rustic atmosphere with natural colors or dare to go different and choose a bold color: this extensive collection of Berlin fabrics provides it all. The collection consists of light filtering fabrics that ensure a natural light throughout the day and black-out fabrics that completely darken the room, which makes them the perfect choice for the bedroom. Thanks to the textile look and delicate texture, the fabrics are the perfect fit for any interior.
